FEATURES

- 1 YEAR WARRANTY
- GAIN CONTROL
- CLIP-ON NIGHT VISION SCOPE
- SIB®-SINGLE INTERCHANGE BATTERY
- QUICK ATTACH/DETACH MOUNT
- WORKS WITH FRONT LINE LONG RANGE RIFLES

The **Knight Vision® UNS-LR A2 clip-on Weapon Sight (WS)** is a product improved version of the AN/PVS-30. The UNS-LR A2 adds the latest high performance Gen 3 light intensification night vision to most rifles and day scopes by attaching to the picatinny rail. This product is appropriate for front line long range rifles. When the UNS-LR A2 is added in front, your existing optic, eye relief, and cheek weld are undisturbed. Knight Vision patented Single Interchangeable Battery (SIB)® allows use of either CR123 or AA single cells, with a battery life exceeding 24 hours while the shooter remains in shooting position.

STANDARD ACCESSORIES

Operator's Manual, Soft Case, (1) AA Battery, Light Shroud and Lens Cleaning Kit.
