

WMS THREE-HOLE SHROUD
WILCOX MODULAR SHROUD

PRODUCT ILLUSTRATED
IN BLACK (-B) & TAN (-T)

PRODUCT OVERVIEW

The WMS (Wilcox Modular Shroud) three-hole shroud offers all the same features and durability of our proven G34/G35 three-hole shroud with built in modularity and weight reduction. The WMS utilizes a removable lanyard clip that can be inserted at the 12, 3 and 9 o'clock positions. The WMS is available with a Universal or Lo-Pro interface. Both models are also available with or without a NVG lanyard.

MOUNT COMPATIBILITY

–Compatible with the full line of Wilcox L4 series NVG mounts

**DPAM, GSGM & G24R mounts require WMS with Lo-Pro interface*

SPECIFICATIONS

| | |
