

G22[™]
NIGHT VISION GOGGLE MOUNT

PRODUCT OVERVIEW

The Wilcox G22 Mount has become an NVG industry standard. It offers all the same benefits as the G24 minus the breakaway feature. What sets this mount apart is the extended fore/aft bridge. This extension of the bridge allows the end user to have more adjustment while wearing protective goggles, ballistic shields, and gas masks.

FEATURES AND BENEFITS

- Extended bridge for goggles, ballistic shields, and gas masks
- Flip mechanism allows NVG to be stowed while not in use
- Dovetail shoe interface securely locks NVGs into place
- Several points of adjustment for proper eye relief
- 5 Year Standard Limited Warranty
